REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

February 7, 2013

Board of Selectmen Town of Unity, Maine

0 1

I have audited the financial statements of the governmental activities, the major fund, and the aggregate remaining fund information of Town of Unity, Maine as of and for the year ended January 31, 2013, which collectively comprise Town of Unity, Maine's basic financial statements and have issued my report thereon dated February 7, 2013. I conducted my audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

#### Internal Control over Financial Reporting

In planning and performing my audits, I considered Town of Unity, Maine's internal control over financial reporting as a basis for designing my auditing procedures for the purpose of expressing my opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Town of Unity, Maine's internal control over financial reporting. Accordingly, I do not express an opinion on the effectiveness of Town of Unity, Maine's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

My consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. I did not identify any deficiencies in internal control over financial reporting that I consider to be material weaknesses, as defined above.

#### Compliance and Other Matters

As part of obtaining reasonable assurance about whether Town of Unity, Maine's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audits, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

This report is intended solely for the information and use of the Board of Selectmen, management and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

#### INDEPENDENT AUDITORS REPORT

February 7, 2013

Board of Selectmen Town of Unity Unity, Maine

I have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information, of Town of Unity, Maine, as of and for the year ended January 31, 2013, which collectively comprise the Town's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Town of Unity, Maine's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information, of the Town of Unity, Maine as of January 31, 2013, and the respective changes in financial position, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, I have also issued my report dated February 7, 2013 on my consideration of the Town of Unity's internal control over financial reporting and my tests of its compliance with certain provisions of laws, regulations, contracts and grants. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of my audit.

The Town of Unity has not presented Management's Discussion and Analysis that accounting principles generally accepted in the United States has determined is necessary to supplement, although not required to be part of the basic financial statements.

The budgetary comparison information, is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. I have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, I did not audit the information and express no opinion on it.

## TOWN OF UNITY, MAINE Notes to Combined Financial Statements January 31, 2013

#### 1. Summary of Significant Accounting Policies

The Town of Unity was incorporated in 1804 under the laws of the State of Massachusetts. The Town operates under the Board of Selectmen/Town Meeting form of government.

The Town's financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). Governments are also required to follow the pronouncements of the Financial Accounting Standards Board (FASB) issued through November, 1989 (when applicable) that do not conflict with or contradict GASB pronouncements. Although the Town has the option to apply FASB pronouncements issued after that date to its business-type activities and enterprise funds, the Town has chosen not to do so. The more significant accounting policies established in GAAP and used by the Town are discussed below.

#### A. Reporting Entity

In evaluating how to define the reporting entity, for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit is made by applying the criteria set forth in GAAP which defines the reporting entity as the primary government and those component units for which the primary government is financially accountable. Financial accountability is defined as appointment of a voting majority of the component unit's board, and either a) the ability to impose will by the primary government, or b) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the primary government. Application of this criterion and determination of type of presentation involves considering whether the activity benefits the government and/or its citizens, or whether the activity is conducted within the geographic boundaries of the government and is generally available to its citizens. Based upon the application of these criteria, there were no potential component units required to be included in this report.

#### B. Government-wide Financial Statements

The government-wide financial statements (i.e., the statement of net assets and the statement of changes in net assets) report information on all of the non fiduciary activities of the Town. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset

#### 1. <u>Summary of Significant Accounting Policies</u>, continued

by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. The Town has elected not to allocate indirect costs among the programs, functions and segments. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter is excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

#### C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Licenses, permits, fees, excise taxes and miscellaneous revenues are recorded as revenues when received in cash because they are generally not measurable until actually received. Interest income and charges for services are recorded as revenues when earned, since they are measurable and available.

Those revenues susceptible to accrual are property taxes, interest, and charges for services. Other receipts and taxes become measurable and available when cash is received by the Town and are recognized as revenue at that time.

Entitlements and shared revenues are recorded at the time of receipt or earlier if the susceptible to accrual criteria are

#### 1. Summary of Significant Accounting Policies, continued

met. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met.

When both restricted and unrestricted resources are available for use, it is the Town's policy to use restricted resources first, then unrestricted resources as needed.

The Town reports the following major governmental fund:

The General Fund is the Town's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Additionally, the Town reports the following fund types:

#### Fiduciary Funds

Fiduciary funds are used to account for assets held by the Town in a trustee capacity or as an agent for individuals, private organizations, other governmental units, and/or other funds.

Private-purpose trust funds are used to report trust arrangements under which principal and income benefit individuals, private organizations, or other governments.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in the government-wide financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. The government has elected not to follow subsequent private-sector guidance.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

#### D. Capital Assets

Capital assets, which include property, plant, and equipment are reported in the governmental activities column in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of two years. Such assets are recorded at historical costs or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

#### 1. Summary of Significant Accounting Policies, continued

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Property, plant, and equipment of the primary government is depreciated using the straight line method over the following estimated useful lives ranging from 3 to 50 years.

#### E. Long-term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities statement of net assets. Bond premiums and discounts, as well as issuance costs, if material, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs, if material, are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuance are reported as other financing sources while discounts on debt issuance are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

#### F. Fund Equity

Reserved fund balance indicates that a portion of the fund balance is legally or otherwise segregated for a specific future use, and is indicated by the title of each reserve listed in the balance sheet. Unreserved-designated fund balances indicate amounts which either are required to be carried forward by law or contractual agreement, or which the Town has voted to carry forward.

#### G. Use of Estimates

Committed fund balance indicates that a portion of the fund balance is constrained for a specific future use, and is indicated by the title of each purpose listed in the balance sheet. Committed fund balances are voted on at Town Meetings. Assigned fund balances indicate amounts which either are intended to be carried forward by law or contractual agreement, or which the Board of Selectmen has voted to carry forward. Unassigned is the remaining amount which is available for general use.

#### 2. <u>Budgetary Accounting</u>

A budget is formally adopted for the General Fund, only, through the passage of a Town warrant, and is prepared on a basis consistent with generally accepted accounting principles.

In the General Fund, the level of control (level at which expenditures may not exceed budget and applied revenues) is the accounts within each department. Unexpended appropriations and

#### 2. Budgetary Accounting, continued

unexpended revenues are lapsed at the close of the year. Once adopted, the budget can only be amended by the townspeople at a special Town meeting.

#### 3. <u>Deposits and Investments</u>

#### A. <u>Deposits</u>

At year end, the Town's carrying amount of deposits was \$461,662. The bank balances for all funds totaled \$520,380. Custodial credit risk is the risk that, in the event of a bank failure the District's deposits might not be recovered. As of January 31, 2013, all of the Town's deposits were insured or collateralized.

#### B. Investment

At	January 31,	2013,	the	Town's	investment	balance	es	were as fol	llows:
	Investment Type	<u>2</u>		<u>Fu</u>	ind Type	Rating		Fair Value	
	UBS Financial S	Services	Inc.						
	PACE Program			General	Fund	N/A	\$	9,410	88
	PACE Program			Trust F	und	N/A		108,730	89%
	NStar			Trust F	und	N/A		2,2121	.81%
	First Energy			Trust F	und	N/A		1,377 1	.13%
	Navistar			Trust F	und	N/A		237 0	.19%
							<u>.</u> –	121,966	
							Y	121,900	

The Town does not have a formal investment policy. The UBS Financial Services Inc. PACE Program is managed by the town's financial institution in the Town's name. The other investments are held by the Town.

#### 4. Property Tax

Property taxes for the year were committed on August 20, 2012, on the assessed value listed as of April 1, 2012, for all taxable real and personal property located in the Town. Payment of taxes was due at the date of commitment with interest at 7.00% on all tax bills unpaid as of November 30, 2012.

Assessed values are periodically established by the Town's Assessor at 100% of assumed market value. The assessed value for the list of April 1, 2012 upon which the levy for the year ended January 31, 2013, was based, was \$128,435,100. This assessed value was 100% of the estimated market value.

Tax liens are placed on real property within twelve months following the tax commitment date if taxes are delinquent. The Town has the authority to foreclose on property eighteen months after the filing of the lien if tax liens and associated costs remain unpaid.

Property taxes levied during the year were recorded as receivables at the time the levy was made. The receivables collected during the year and in the first sixty days following the end of the fiscal year have been recorded as revenues. The remaining receivables have been recorded as deferred revenues.

#### 5. Operating Property

Operating and nonoperating property are recorded at cost or, in the case of contributed property, at the fair market value at the date of acquisition. Depreciation is computed on the straight line method based upon the estimated useful lives of the assets as follows:

Governmental Activities:	Balance February 1 2012	Increases	<u>Decreases</u>	Balance January 31 2013		
Assets not being deprecia	ted					
Land \$	140,963 \$	\$	\$	140,963

Long-term debt payable at February 1, 2012	\$ 577,586
Debt proceeds	627,854
Debt Retired	(577,586)
Long-term debt payable at January 31, 2013	\$ 627,854
Interest Paid	18,926

Long-term debt payable at January 31, 2013 is comprised of the following:

Interest <u>Rate</u>	Final Maturity <u>Date</u>		Balance End of <u>Year</u>
1.5 to 3.7%	2032	\$	596,512
2.75%	2015		31,342
		\$_	627,854
	Rate 1.5 to 3.7%	Interest Maturity Rate Date  1.5 to 3.7% 2032	Interest Maturity Rate Date  1.5 to 3.7% 2032 \$

The annual requirement to amortize all long-term debt outstanding as of January 31, 2013 are as follows:

TO are as TOTT	JWS:		
Year		Principal	Interest
		<u>Payable</u>	<u>Payable</u>
2013		34,108	17,591
2014		34,602	16,536
2015		35,130	15,720
2016		25,246	14,869
2017		25,849	14,267
2018-2022		137,265	63,313
2023-2027		154,677	45,900
2028-2032		180,977	19,600
	Total \$	627,854 \$	207,796

In accordance with 30-A MRSA, Section 5702, as amended, no municipality shall incur debt for specified purposes in excess of 15 percent of the state valuation of such municipality. At January 31, 2013, the Town was in compliance with these regulations.

#### 7. <u>Assigned Revenues</u>

The Town has set aside certain balances for accumulation until expenditure in future years. These accounts were as follows at January 31, 2013:

Sale of lots	\$ 6,735	
Total	\$ 6,735	

#### 8. <u>Unassigned General Fund Fund Equity</u>

The unassigned General Fund fund equity reflected a change for the current year as follows:

Balance - February 1, 2012	\$ 361,357
Increase (Decrease):	
Actual over (under) budgeted revenues 32,930	
Actual under (over) budgeted expenditures 918	
Utilization per town vote (37,200)	
Net Increase (Decrease)	(3,352)
Balance - January 31, 2013	\$ 358,005

#### 9. <u>Assigned Expenditures</u>

Historically, the selectmen vote to carry certain departmental unexpended balances and/or overdrafts forward to the following year for expenditure. This is usually in lieu of additional appropriations in any particular account. At January 31, 2013, the following operating

account balances were carried forward:

General government	\$	10,799
Protection		39,626
Public works		62,885
Health and sanitation		16,050
Cemetery		3,248
Social services		4,064
	Totals \$	136,672
	Totals \$	136,67

#### 11. Risk Management

The Town of Unity is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Town maintains insurance coverage for part of its risk management. Expenditures and claims are recognized when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. In determining claims, events that might create claims, but for which none have been reported, are considered. The Town's management estimates that the amount of actual or potential claims against the Town as of January 31, 2013, will not materially affect the financial condition of the Town.

#### Town of Unity, Maine PO Box 416 Unity Maine 04988

Keel J Hood, CPA PO Box 302 Fairfield ME 04937

We are providing this letter in connection with your audits of the financial statements of Town of Unity, Maine as of January 31, 2013 and for the year then ended for the purpose of expressing opinions as to whether the financial statements present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Town of Unity, Maine and the respective changes in financial position and cash flows, where applicable, in conformity with U.S. generally accepted accounting principles. We confirm that we are responsible for the fair presentation of the previously mentioned financial statements in conformity with accounting principles generally accepted in the United States of America. We are also responsible for adopting sound accounting policies, establishing and maintaining internal control, and preventing and detecting fraud.

We confirm, to the best of our knowledge and belief, as of February 7, 2013 the following representations made to you during your audit.

- The financial statements referred to above are fairly presented in conformity with accounting principles generally accepted in the United States of America and include all properly classified funds and other financial information of the primary government and all component units required by generally accepted accounting principles to be included in the financial reporting entity.
- 2. We have made available to you all-
  - a. Financial records and related data [and all audit or relevant monitoring reports, if any, received from funding sources].
  - b. Minutes of meetings of Town of Unity, Maine or summaries of actions of recent meetings for which minutes have not yet been prepared.
- 3. There have been no communications from regulatory agencies concerning noncompliance with, or deficiencies in, financial reporting practices.
- 4. There are no material transactions that have not been properly recorded in the accounting records underlying the financial statements.
- 5. We believe the effects of the uncorrected financial statement misstatements summarized in the attached schedule (if any) are immaterial, both individually and in the aggregate, to the financial statements taken as a whole or (if none) that there are no known misstatements that would be both individually or in the aggregate material, to the financial statements taken as a whole.
- 6. We acknowledge our responsibility for the design and implementation of programs and controls to prevent and detect fraud.
- 7. We have no knowledge of any fraud or suspected fraud affecting the entity involving:

a. Management,

0 \*\*\*

- b. Employees who have significant roles in internal control, or
- c. Others where the fraud could have a material effect on the financial statements.
- 8. We have no knowledge of any allegations of fraud or suspected fraud affecting the entity received in communications from employees, former employees, analysts, regulators, or others.
- 9. The Town of Unity, Maine has no plans or intentions that may materially affect the carrying value or classification of assets, liabilities, or fund equity.
- 10. The following, if any, have been properly recorded or disclosed in the financial statements:
  - a. Related party transactions, including revenues, expenditures/expenses, loans, transfers, leasing arrangements, and guarantees, and amounts receivable from or payable to related parties.
  - b. Guarantees, whether written or oral, under which the Town of Unity, Maine is contingently liable.
  - c. All accounting estimates that could be material to the financial statements, including the key factors and significant assumptions underlying those estimates. We believe the estimates are reasonable in the circumstances, consistently applied, and adequately disclosed.
- 11. We have identified to you any previous financial audits, atestation engagments, performance audits, or other studies rlated to the objectives of the audit being undertaken and the corrective actions taken to address significant findings and recommendations.
- 12. We are responsible for compliance with the laws, regulations, and provisions of contracts and (grant) agreements applicable to us, including tax or debt limits and debt contracts; and we have identified and disclosed to you all laws, regulations and provisions of contracts and (grant) agreements that we believe have a direct and material effect on the determination of financial statement amounts, or other financial data significant to the audit objectives, including legal and contractual provisions for reporting specific activities in separate funds.

#### 13. There are no-

- a. Violations or possible violations of budget ordinances, laws and regulations (including those pertaining to adopting, approving and amending budgets), provisions of contracts and (grant) agreements, tax or debt limits, and any related debt covenants whose effects should be considered for disclosure in the financial statements or as a basis for recording a loss contingency.
- b. We are not aware of any pending or threatened litigation, claims, or assessments or unasserted claims or assessments that are required to be accrued or disclosed in accordance with Financial Standards Board (FASB) Statement No. 5, and we have not consulted a lawyer concerning litigation, claims or assessments
- c. Other liabilities or gain or loss contingencies that are required to be accrued or disclosed by FASB Statement No. 5.

- d. Reservations or designations of fund equity that were not properly authorized and approved.
- 14. As part of your audit, you prepared the draft financial statements and related notes. We have designated a competent management-level individual to oversee your services and have made all management decisions and performed all management functions. We have reviewed, approved, and accepted responsibility for those financial statements and related notes.
- 15. The Town of Unity, Maine has satisfactory title to all owned assets, and there are no liens or encumbrances on such assets nor has any asset been pledged as collateral.
- 16. The Town of Unity, Maine has complied with all aspects of contractual agreements that would have a material effect on the financial statements in the event of noncompliance.
- 17. The financial statements include all component units as well as joint ventures with an equity interest, and properly disclose all other joint ventures and other related organizations.
- 18. The financial statements properly classify all funds and activities.
- 19. All funds that meet the quantitative criteria in GASB Statement Nos. 34 and 37 for presentation as major are particularly important to financial statement users.
- 20. Net asset components (invested in capital assets, net of related debt; restricted, and unrestricted and fund balance reserves and designations are properly classified and, if applicable, approved.
- 21. Provisions for uncollectible receivables have been properly identified and recorded.
- 22. Expenses have been appropriately classified in or allocated to functions and programs in the statement of activities, and allocations have been made on a reasonable basis.
- 23. Revenues are appropriately classified in the statement of activities within program revenues, general revenues, contributions to term or permanent endowments, or contributions to permanent fund principal.
- 24. Interfund, internal, and intra-entity activity and balances have been appropriately classified and reported.
- 25. Deposits and investment securities are properly classified in category of custodial credit risk.
- 26. Capital assets, including infrastructure assets, are properly capitalized, reported, and, if applicable, depreciated.
- 27. Required supplementary information (RSI) is measured and presented within prescribed guidelines.

To the best of our knowledge and belief, no events, including instances of noncompliance, have occurred subsequent to the balance sheet date and through the date of this letter that would require adjustments to, or disclosure in, the aforementioned financial statements.
