

**Town of Unity
Occupancy Application & Permit**

Note to Applicant: Occupancy Permits are designed to ensure that certain local and state requirements (such as adequate smoke detectors) have been met before a building is occupied. A Permit shall be obtained prior to occupancy of: a) any new structure, including building additions larger than 100 square feet; b) any new rental unit (commercial or residential) created within an existing structure; c) any existing structure or rental unit within that structure that has been vacant for more than a year; or d) any existing structure that will be used, in whole or in part, for a new commercial enterprise (other than a home-based business, which is exempted). Most Occupancy Permits can be issued by Unity's Code Enforcement Officer (CEO) within a few days. Some Occupancy Permits must, however, be issued by the Planning Board, which only meets monthly. Applicants are encouraged to consult Unity's Land Use Ordinance and to submit an application early enough if it appears that Planning Board Review will be needed. Fee: \$25.00

Please complete a separate application for each building.
