Committee discussed recycling in Unity and the proposal from Fiberight. The Committee is considering recommending elimination of curbside pickup of recyclables while continuing our relationship with the UARRC and using Fiberight for all other waste disposal. We would like to continue to work with Brian Gaudet to look for ways to encourage Unity residents to increase their recycling. Penny Sampson will investigate how the Town could break out of the current contract for curbside pickup of recycling with Sullivan's.

Andy Reed will provide all Committee members with copies of the Town ordinances relevant to the Budget Committee for review prior to our next meeting.

Next meeting scheduled for September 8, 2016 at 6 PM
